

## SPARKLING

Sparkling wine can be very different stylistically reflecting their place of origin. Prosecco is only made in Italy and is generally light and crisp with mild fruit characteristics. Sparkling rose is made in contact of the skins and has deeper acidity and broader body. True Champagne is only from the Champagne region in France which houses the most expensive & celebrated bubbles in the world.

## CABERNET SAUVIGNON

In cooler climates, Cabernet tends to produce wines with blackcurrant notes that can be accompanied by mint and cedar. In more moderate climates the blackcurrant notes are often seen with black cherry and plum. While in very hot climates, the current flavors can veer towards the over-ripe and "jammy" side.
